PROFESSIONAL SUMMARY

Data Analytics and Software Engineering fresher (B.Tech Computer Science, SR University, 2025) targeting a **Data Science Analyst** role. Hands-on experience building **machine learning models** with Python, SQL, and scikit-learn, from a multi-model time-series capstone to consumer data analysis with Pandas. Strong data visualization with Power BI, backed by 1+ year of Python/SQL/ML practice and a Data Analytics certification. Comfortable turning data analysis into decision-ready insights and presenting findings to both technical and non-technical audiences.

CORE COMPETENCIES

Machine Learning

Python & Pandas

SQL

Power BI

Data Visualization

Data Analysis

Jupyter Notebook

Scikit-learn

WORK EXPERIENCE

Resolence

Aug 2026 - Present

Intern

Hyderabad

- Contributing to team deliverables in a professional engineering environment, collaborating across functions to meet project milestones.

PROJECTS

Stock Market Volatility - Multi-Model ML Capstone

ML Capstone

Time-series capstone project applying multi-model machine learning to stock market predictions; academic research project.

Python, scikit-learn, Jupyter Notebook

Identifying Shopping Trends

Data Analysis

Data analysis of shopping trends identifying consumer patterns.

Python, Pandas, Jupyter Notebook

Unicorn Companies Analysis

Power BI

Data visualization project analyzing global unicorn companies (startups valued over \$1B), highlighting trends across countries, industries, and funding patterns.

Power BI

Online Banking System

Python

Python-based system simulating core banking operations.

Python

EDUCATION

B.Tech - Computer Science

SR University

2025

India

Quantitative degree with coursework across data structures, DBMS, and data-driven problem solving.

CERTIFICATIONS

Data Analytics

Codegnan IT Solutions Pvt Ltd, Hyderabad

2025

Data Base Management System

NPTEL

2024

SKILLS

Languages & Data: Python, SQL, Java, Pandas, NumPy, Scikit-learn, Machine Learning

Data & Analytics: Power BI, Excel, Data Visualization, Jupyter Notebook, Statistical Analysis **Tools:** Git, GitHub, Codespaces, Linux CLI
